Volunteer Spotlight - Lowell Boetcher

It was November 10 one of the few days with snow. It was the 1st afternoon the wind cooperated for me to hunt the stand my nephew urged me to hunt. It snuck up and across behind me and stopped on the “bah” call. I sent a perfect 35 yd shot, it was awesome following the nocturnal lighted nock. I watched it run off and disappear. I walked up looking to foot track him so I could mark it to have a spot for my blood followers to start. I couldn't distinguish footprints but we had an awesome blood trail that even I could follow. (the rage expandable broad head worked as advertised in this case) It was where I last saw him. **Lowell Boetcher**

Lowell has been one of our guides from the beginning, and has been a great help to our hunters as well as a wonderful person.

For me this year had a couple of strange coincidences with meeting **Rick Rollo** with the **SCI Wisconsin Chapter** who have a fund raiser to honor his Dad (Big Al) raise money for the Halter Wildlife disabled pheasant hunt in Kenosha County; Also I met **Chad Hermanson of Action Trackchair** who demonstrated their new stand up chair at the expo and Chad and Kelly brought a couple of track wheelchairs to the Halter hunt. Milwaukee Sport Show

The Milwaukee Journal Sentinel Sport Show for 2012 is in the history books. I would like to say thank you to all that helped to make it a success. Set-up workers were **Larry Geike, Garth Harris & Mike Vondham**, they also did the take down. The people who manned the booth were **Charles Lohr, Wayne Delponte, Steve Starz, Jeff Miller, Pat Buhr, Ron Anderson, John Mitchell, Mary Mitchell, Dottie Dirksen, & Nancy & Kurt Fleishhaker**. A special thanks to **Kristy Richardson** for her work with the pictures it made our booth look like a pro did it.

Many of our current members stopped by and thanked the club for the events we put on. New members joined. We will start planning the 2013 show. **Bill Koch**

Wisconsin Hunting & Fishing Show in Oconomowoc, 2012

This year I had great help for the booth at this show! I would like to thank **Ivan Craig, Rick Schafer, Chad Paulson, Helen & Jacob Peplinski, Jerry Schick and John Mitchell** for manning the booth with me. Also, thanks to my Pa (**Garth Harris**) for hauling the booth and setting it up and tearing it down with me.

Unfortunately this year, even though it was still only mid March, we had unheard of warm temperatures which had a negative effect on show attendance. With that being said, my **AWESOME** crew still sold out of all the gun raffle tickets that I was sent and put a respectable dent in our annual raffle as well! If anyone is interested in helping at this show in the future please email me at: trophybone@yahoo.com Thanks again everyone, I couldn't have done it without you!

Halter Pheasant Hunt

As you can see by the group photo the Halter Pheasant Hunt has become the Adaptive Sportsmen Inc event with the highest attendance. There are way to many participants and volunteers to name in this space. Thank you to all of the volunteers, sponsors and the Halter Wildlife Area for making this a reality. Volunteers' cleaned 126 birds for 33 hunters and some more were taken home to be cleaned after they were shown to friends and family.

Here are some comments received from some of the participants: People at the hunt are so supportive and caring; they really bring this hunting experience to the people shooting! The dogs and their handlers are just out of this world; the 4-wheelers to help us get into the field make it lots easier. This hunt is one of the highlights of my year; I would not be able to hunt for pheasant now were it not for Adaptive Sportsmen. I welcome you to this hunt--you will have a super time. I may also add that is great to have another woman hunter! Yahoo!! Maybe we can convince more differently abled women to come and hunt and be members of this excellent organization. Looking forward to meeting you--and good hunting! **Miriam**
What an exciting adventure! My first hunt and I braised the pheasants in burgundy and wow! One of my sons said, "Way to bring the food to the table!"
Monica

Donated Bear Kill Tags (2) for Youth Hunters

Mike Kelly has generously offered his Zone A bear tag to a physically challenged youth. **Wayne Krueger**, from Wausau has a Zone C bear kill tag donated by a hunter in the Wausau area. **Wayne's hunt will include free accessible lodging, guide(s), and bear baiting**. He has had several kill tags donated in the past years and had several Bears taken by youth hunters in the past. It is important for the hunter to spend as much time in the woods hunting for bear in this area, so anyone applying for this kill tag should plan on spending 3-4 weekends hunting in Wausau. To apply for either tag, contact John Mitchell at 414-333-4745. If we get several names we will pull one out of the hat.

Bear kill tags must be transferred before Aug. 15th . All youths must be 17 or younger at the time of the transfer. A Hunter safety certificate not required if there is a mentor hunting with the youth.

The resort is on Spider Lake just outside Mercer, and it is an accessible resort. Email Al Neu at allenneu@gmail.com or call at 414-617-4870 for information. Tyler Zelko is a 19 year-old wheel chair user. He sent us a beautiful card that said: To All of You...This is just a little note of thanks...but it comes with a big feeling of gratitude.

Inside: To Mr. Mitchell and the Adaptive Sportsmen group, Thank you so much for the generous contribution toward my crossbow! Looking forward to seeing all of you at the summer picnic shoot and going deer hunting with you all again.

Wayne Krueger, from Wausau, has recently gotten out of the hospital for surgery on his esophagus, and will be facing a long recovery period. Wayne and his wife Sue have been very big contributors to our program and have provided many great hunting opportunities for our members.

Baraboo Turkey Hunt at the Badger Army Ammo Plant May 5-6, 2012

Our hunter & guide teams were Steve Prieve & Al Jeske, John Martinson & Lowell Boetcher, Bill Ploor & Calvin Ploor, Les Werner with Bill & Ryan Stuber, Dale Rebernik & Brian Graham, Cal Popp & Ray Rabuck, Gerry Schick & Mike Gustin, Scott Unverrich & Mark Seeley, Monica Kamal & Steve Spaeni, Charles Ande & Don Berndt John Mitchell and Larry Wilkinson were the lunch crew with Larry doing 90% of the work. Thanks to all of the volunteers, our sponsor Safari Club International and Clarion Hotels for our group rate. Two turkeys were harvested. Scott Uverich struck first and Monica Kamal was second taking her turkey on her first turkey hunt. Deer, raccoons, coyotes and skunks were also seen. Here are stories from the members themselves:

12 HOURS IN THE BLIND THE FIRST DAY ... Harvest the 2nd day within an hour. Wow ... The picture of me was taken within a 1/2 hour of this big storm. We were hurrying to get pictures, get in the van and loaded before the storm. Thank you Adaptive Sportsman's Club! Thanks to all volunteers' times! Steve (my guide and caller) called the turkey in from an outlying field. As the turkey got within 18 yards by the decoys, I shot and hit the tom directly in the head and neck. He was 17.5 lbs. While I am learning and using this new skill, I have a continued appreciation of nature and love being out there! Since I have been to the Becoming Outdoors Women (BOW) clinic last summer, I have learned so much and have had a wonderful journey to this point. I am very thankful to harvest food for the table and then I can cook it with new recipes! I am looking forward to my continued journey. From BOW and Adaptive Sportsman to all my friends who have been supportive. **Monica**

I wanted to take this time to thank you and all at Adaptive Sportsman for inviting me to help out this weekend @ the badger plant I had a great time even though Charlie didn't harvest a bird the memories will last me a lifetime, thanks. **Don**

The measurements on Scott's gobbler were 11" Beard, 1" spurs, and 23 #s. It was a very special hunt for me. I really enjoyed the company of Scott and Dale. I hope they enjoyed themselves as much as I did. I have hunted with Walter Joost so long and so many times it was different hunting with new partners and forming new friendships. My wife Linda said, "It was good for me to get out and hunt with someone else besides Walter", but as you know Walter and I have a special bond that will never be broken and he is my best friend. We talk almost daily and I owe it to Adaptive Sportsman for getting us together about 10 years ago. Thanks again for the great weekend! **Mark Seely**

ASI Takes Aim and Supports Veterans with Disabilities

Adaptive Sportsmen is proud to sponsor a monthly archery program to support veterans with disabilities. Archery offers rewarding challenges while improving hand-eye coordination, fine motor skills, strength and concentration. Held on the second Monday of each month at West Town Archery in Brookfield, veterans have to opportunity to improve archery skills for recreation or competition. Adaptive equipment and skilled instructors make it possible for veterans with a wide range of abilities.

"Adaptive archery has given me an outlet that I haven't had since I was able to bowl on a regular basis. It allows me the opportunity to work on my concentration and focus", says Retired **Major Gwen Sheppard**, a regular participant in the program. Gwen recently returned from the Warrior Games in Colorado Springs where she represented the Air Force competing in archery and air gun. She adds, "Even though I have disability, I can compete on a regular basis. It's a wonderful feeling."

Adaptive Sportsmen sponsors the monthly event and provides crossbows and other adaptive equipment for use. Veterans have the opportunity to shoot recurve bows and crossbows. Also available is video target shooting. In this popular event, normal tips are replaced with blunt tips and fired at moving video of elk, deer and other animals filmed in their natural environment. Points are scored based on kill zone accuracy.

To learn more about the program or to participate or volunteer, contact **Art Marchessault** at art@adaptivesportsmen.org or via phone at 414-333-4950.

Halter Pheasant Hunt 2012 Pictures

Group Photo, and I hope we included everyone!

Trackmaster brought out two of their off-road tracked wheelchairs for our members to try out. They have been very supportive of our efforts to show our members the equipment available to get disabled sportsmen back into the outdoors.

Here is one of the many ways that the volunteers at Halter got our members out in the field to hunt the pheasants. This homemade lift attaches onto the front of an ATV and makes it easy to get around in the tall grass and fields.

Adaptive Sportsmen Disabled Veterans Archery Shoot at West Town Archery

A disabled vet and helper on the crossbow range at West Town during our monthly archery event

Several disabled vets practice their archery skills at the West Town archery range during our monthly archery event. This event is held the second Monday of each month and is open to all disabled vets.

Tony Paulson and **John Mitchell** are working the ASI booth at the Deer and Turkey Expo this year.

Charlie Ande poses with his turkey and new personal ground blind suit. (I know his face is hard to see!)

Adaptive Sportsmen has provided money for materials for this new ground blind being set up by **Al Lamovec** at his property near Willard, Wisconsin. Al has been working hard to set up a disabled youth outdoor camp, called Wisconsin Adventures on Wheels. We are proud to help him provide outdoor opportunities for disabled youths in Wisconsin.

Horicon Marsh Bowmen Winter Shoot, March 17

We had 9 ASI shooters. **Jerry Schick** and **Bob Corey** led the shooters only 1 point apart with Jerry taking honors. **Charlie Ande** and Dustin were also 1 point apart. **Joe Kuhn** and **John Mitchell** were close behind. Some shooters didn't complete the whole course but everyone had fun. Good food, and a challenging course were the order of the day. Non-typical February short sleeve weather didn't help attendance. The Horicon Marsh Bowmen members, who are looking forward to the shoot in June, greeted the people. Thanks to all who participated. See you in June. **Pat Buhr**

Ray Rabuck poses with the nice buck he shot last year. Ray was the Volunteer of the Month last March but did not get his picture in the newsletter. Ray has been a tireless helper at many of our events, and is one of the many people that make Adaptive Sportsmen such a great group.
